ChipIdea Participated in the State Visit of the President of the Republic of Portugal to China

January 27, 2005 - Chipidea has been invited to the State Visit of the President of the Republic of Portugal to China, as part of a high-level delegation of representatives of Portuguese high-tech Companies. This visit took place from January 10th to January 17th, and the Portuguese delegation participated in several forums of economic and business cooperation between Portugal and China. The group spent 3 days (11-13) in Beijing, 2 days in Shanghai (14-15) and 2 days (16-17) in Macao. Chipidea made and reinforced some contacts with several semiconductor companies and foundries from China.
